

Introducing an incredible new tiedown tool.  
**THE ANCRA MINI-RATCHET STRAP™**

This all purpose tiedown incorporates the

Ancra Mini-Ratchet Buckle

features ratchet action for highest input loads and quick-release controls.

**VERSATILE**

The Mini-Ratchet strap assembly is designed with you in mind. With the many ways that you can put it to use: in industrial, commercial, agricultural, marine, recreational and residential applications. And with its polyester strap and hooks with dee rings, the Mini-Ratchet can secure just about everything. Add to that quick ratcheting and instant-release features, and you have a valuable tool for home, work, or play.

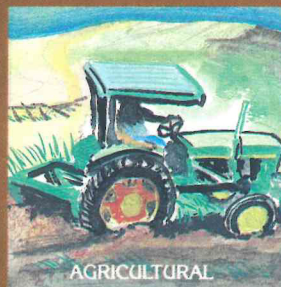

**RESPONSIVE**

The Mini-Ratchet has precise controlled-input adjustment of up to 500 lbs. capacity with an instant-release feature. Combined with a latch lock and a comfortable handle design, the Mini-Ratchet saves you time and effort.

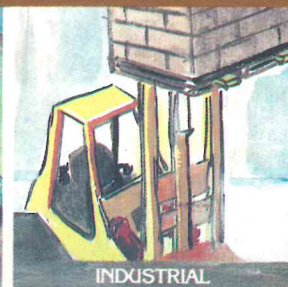

**DEPENDABLE**

Genuine Ancra parts are known world wide for their quality and dependability. The Mini-Ratchet, designed after its larger proven counterparts, is no exception. Made of high-strength steel with a gold-chromated zinc finish to resist corrosion, and coupled with a strong abrasion-resistant polyester strap, the Mini-Ratchet is made for rugged use. Much stronger than rope, yet lighter than chain, the Mini-Ratchet is the perfect solution to your needs. See your dealer today!
