

PERSONAL WATERCRAFT TIEDOWNS

BULLETIN NO. 183

APRIL 30, 1993

New tiedown straps for securing personal watercraft to trailer and transporters. Three models fit virtually any watercraft and trailer combination on the market today. Two models fit the Kawasaki watercraft line and the third is a universal tiedown.

All of the personal watercraft tiedowns feature:

- Patented 1" stainless steel overcenter buckle that adds just the right amount of tension while being resistant to rust and corrosion
- Patented rubber keeper for each "S" hook to help keep the hook secure to the trailer
- Plastic pads protect the finish of the watercraft while protecting the webbing from abrasion
- Each strap assembly has a breaking strength of 500 lbs.
- Packaged individually for display
- Available in 6 popular colors: Black, Royal Blue, Turquoise, Lime Green, Hot Pink and Purple
